NCARB

Discussion of Certification Record

The Section met to discuss a letter from a registrant, Mary Lawson, regarding her application for NCARB certification. NCARB notified Mary Lawson in December that she must take the Construction Documents Division of the A.R.E. because the Architect Section re-scored four questions on the December 1975 Professional Examination. At its July 1, 1976 meeting the Section adopted a motion finding that four questions on the examination had more than one correct answer and that the examinations of candidates who failed these four questions should be re-scored. As a result of re-scoring, seven candidates passed the examination, including Mary Lawson. Ms. Lawson was granted a license as an architect # A4223 on September 16, 1976.

The Architect Section reviewed a draft letter to the president of NCARB requesting a review of Lawson's credentials and indicating that it appeared to the Architect Section from its review that any minor examination deficiency from 1975 that exists under NCARB policies is removed by her record of successful professional practice since her registration as an architect in 1976.

MOTION: Dennis Cerreta moved, seconded by Karen Sathoff, to approve the letter draft with revisions emphasizing 24 years of experience making up for exam deficiency. Motion carried unanimously.

NEW BUSINESS

Plan stamping will be discussed under Practice Issues for the next agenda.

ADJOURNMENT

MOTION: Dennis Cerreta moved, seconded by Roger Roslansky, to adjourn the meeting at 11:55 p.m.
